Kolkata – 700 016

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s Step Two Corporation Limited (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Auditor’s responsibility

My responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. I have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards require that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records. .

Based on the verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2024 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026, to the extent applicable, according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;

STEP TWO CORPORATION LIMITED

MANAGEMENT DISCUSSION AND ANALYSIS

About Step Two Corporation Limited

Step Two Corporation Limited ('STCL') is a non-deposit taking Non-Banking Financial Company (NBFC-ND) registered with the Reserve Bank of India (RBI). It is engaged in the business of investments and lending

Industry and Economic Scenario

Global economy

The global economy in CY 2025 held its ground, sustaining moderate growth through a period defined more by resilience. Technology-led investment and steady services demand provided the principal support, even as elevated borrowing costs and headwinds from geopolitical tensions continued to weigh on sentiment. Consequently, the tone shifted from stabilisation to caution in the latter part of the fiscal, as downside risks increasingly dominate the outlook.

The regional picture reveals a sharp divergence. Advanced economies, constrained by various factors, are expected to remain subdued. Emerging and developing economies, by contrast, have sustained stronger momentum, supported by domestic consumption, infrastructure development and favourable demographics. Asia continues to drive incremental global growth, spearheaded by robust momentum in India and steady performance in China.

This divergence is increasingly visible in global trade flows. As demand patterns shift and policy priorities turn more inward-looking, world trade growth is expected to slow before a modest recovery. The deceleration is structurally driven by a rise in protectionist measures, which now impact over 11% of global imports. Intensifying tariff wars between major economies have disrupted trade flows, increased costs and added friction to global commerce. Ongoing tensions in the West Asia conflict have added severe supply side uncertainties, particularly affecting energy markets and critical maritime choke points. Policy uncertainty has compounded this fragmentation further.

Against this backdrop, the global economy faces a delicate balance of risks where downside scenarios now firmly dominate. Downside risks, including further geopolitical escalation in West Asia, financial market corrections particularly in AI-driven valuations and persistent inflation could severely disrupt the current stability. Conversely, a sustained easing of trade tensions and tangible productivity gains from AI adoption could support stronger medium term growth. The trajectory for CY 2026 and ahead will therefore depend on how these interconnected forces evolve, determining whether the current stabilisation transitions into renewed expansion or remains constrained by deepening structural and geopolitical headwinds.

Indian economy

India entered FY 2025-26 as one of the world's fastest-growing major economies and the year reinforced that position. Real GDP is estimated to have expanded at a robust pace of 7.6% in FY 2025-

26, as highlighted in the Reserve Bank of India (RBI) Monetary Policy Committee (MPC) review of April 2026, with growth remaining broad-based across consumption, investment and sectoral activity. Private Final Consumption Expenditure expanded contributing the largest share of GDP, reflecting stable urban demand and a gradual recovery in rural consumption. Gross Fixed Capital Formation rose, sustaining investment levels at around 30% of GDP, driven by infrastructure creation, manufacturing expansion and capacity additions. Services remained the primary growth engine, while industrial growth also strengthened, aided by infrastructure activity, construction momentum and improved capacity utilisation.

This credit momentum was underpinned by a banking system in robust health. Gross NPAs of the scheduled commercial banks continued to decline, reaching multiyear lows of around 2.0% by the end of FY 2025-26 and capital adequacy remained at comfortable levels, providing adequate buffers to support growth. Improved asset quality trends and stronger provisioning coverage contributed to a healthier credit environment. Capital markets also witnessed strong mobilisation, reflecting deepening financialisation of household savings and diversified funding avenues for NBFCs and corporates. Stable funding access, diversified liability profiles and prudent asset-liability management remain critical considerations for NBFCs as the rate cycle evolves.

Looking ahead, India is positioned to transition from cyclical recovery to a phase of more durable, structurally anchored expansion. Domestic demand is likely to remain the principal growth driver, supported by improving income dispersion across urban and rural segments, sustained public investment in infrastructure and a gradual broadening of private capital formation. Economy-wide formalisation, deepening digital integration and policy emphasis on manufacturing competitiveness and MSME development are expected to strengthen productivity and supply-side capabilities. For financial services institutions operating in this environment, the combination of a growing credit-seeking population, improving asset quality and a supportive policy backdrop present a compelling medium-term opportunity.

INDUSTRY OVERVIEW

Non-banking financial company (NBFC) industry overview

India's NBFC sector is on a sustained growth trajectory, with assets under management (AUM) expected to surpass ₹50 Lakh Crore in FY 2026-27 excluding government-owned NBFC's, as per CRISIL Ratings. NBFC credit growth has historically outpaced India's GDP growth and this trend is expected to continue. The AUM growth trajectory reflects both its expanding relevance and demonstrated resilience within India's financial ecosystem.

The near-term outlook remains constructive. For FY 2026-27, momentum is expected to gain further pace in specialised segments like Consumer Durable financing, with NBFC market share projected to reach 63%. Growth trajectories will nonetheless vary across segments, shaped by risk calibration, regulatory oversight and funding access. Balance sheet strength and funding diversification remain the critical differentiators.

Risk Management

HDBFS operates in an environment of multiple, interconnected risks such as credit, operational, liquidity, digital lending and information security. The Company manages these through a comprehensive risk management framework designed for proactive identification and mitigation. The Board of Directors maintain oversight across all risk categories, supported by dedicated committees that ensure focused supervision and stringent controls.

The Company continuously strengthens its security infrastructure, particularly in cybersecurity, to defend against emerging threats and remains confident in its ability to safeguard financial stability, operational efficiency and market reputation.

Evolving Regulatory Landscape

Over the past few years, financial services as a sector has come under increased scrutiny and therefore, greater regulatory supervision. This is especially true for NBFCs, as over the years, the sector has undergone considerable evolution in terms of size, complexity and interconnectedness within the financial sector. With a view to bridge the regulatory gaps between the Banks and NBFCs, NBFCs are now increasingly being subject to regulations and guidelines at par with banks.

Opportunities and Threats

India continues to chart a robust growth path, with the IMF projecting it to become the world's fourth-largest economy by nominal GDP, estimated to be \$4.2 trillion in CY2025. This growth is underpinned by strong drivers including private consumption, a resilient services sector, and focused government expenditure. Additionally, the expanding MSME base, accelerating digital adoption, and a favourable demographic dividend further strengthen the country's long-term prospects. Central to this growth trajectory is the financial services sector, which plays a vital role in enabling business expansion, consumer spending, and infrastructure development.

Government initiatives to boost MSME activity, coupled with the limited reach of traditional credit channels in remote areas, create a conducive environment for customized financing solutions. NBFCs, with their extensive reach, flexible underwriting practices, and digital agility, are uniquely positioned to bridge this gap and drive financial inclusion.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

In terms of challenges, from a macroeconomic standpoint, NBFCs operate within a landscape susceptible to external factors viz. political developments, geopolitical tensions, systemic liquidity constraints, fiscal uncertainties, and inflationary pressures which may influence interest rates and borrower behaviour. These factors necessitate robust risk management frameworks and diversified funding strategies to withstand shocks and sustain growth.

NBFCs continue to face an increasingly competitive environment. Margin pressures persist due to competitive lending rates, especially as banks further deepen their reach and intensify their focus on retail and MSME lending, compressing spreads for NBFCs. Smaller NBFCs, in particular, struggle with limited access to affordable and stable funding sources, which constrains their ability to scale operations and maintain liquidity buffers.

Your Company ensures strict adherence to regulatory guidelines, ensuring compliance in both letter and spirit. With a well-articulated strategy, robust operating model, and high standards of corporate governance, STCL remains well-positioned to capitalize on the opportunities ahead.

Internal control system and their adequacy

The Company has an effective internal control system, commensurate with its size and nature to ensure smooth business operation, including assurance of recording all the transaction details, ensuring regulatory compliance and protecting the Company assets from any kind of loss or misuse. It evaluates the adequacy of all internal controls and processes, and ensures strict adherence to clearly laid down processes and procedures as well as to the prescribed regulatory and legal framework. The Company has further strengthened its internal audit function by investing in domain specialists to increase effectiveness of controls. The Audit Committee of the Board of Directors reviews the internal audit reports and the adequacy and effectiveness of the internal controls.

Fulfilment of the RBI's norms and standards

STCL fulfils norms and standards laid down by the RBI relating to the recognition and provisioning of non-performing assets, capital adequacy, statutory liquidity ratio, etc.

Development in human resources

The Company continues to lay emphasis on people, its most valuable resource. In an increasingly competitive market for human resources, it seriously focuses on attracting and retaining the right talent. It provides equal opportunity to employees to deliver results.

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of STEP TWO CORPORATION LIMITED which comprises the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Cash Flows for the year ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

EMPHASIS OF MATTER

We draw attention to Note 30 to the financial statements, which describes the write-off of an amount of ₹25 lakhs representing a claim against the bank arising from fraudulent withdrawal of funds by an official of the bank in an earlier year. The matter has remained under litigation and consideration before the appropriate authorities for a long period of time. As stated in the aforesaid Note, the Company has written off the said claim during the year as an Exceptional Item, while any recovery, if realised in future, will be recognised in the Statement of Profit and Loss in the period of receipt.

Our opinion is not modified in respect of this matter.

Information other than the financial statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statement

Our objective are to obtain reasonable assurance about whether the financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economics decision of users taken on the basis of these financial statement

- A. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- B. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- C. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF STEP TWO CORPORATION LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Step Two Corporation Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on , “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

1 General Information

The Company is a registered non-banking finance company engaged in the business of providing finance. The Company is registered with Reserve Bank of India as a Non-Banking Finance Co.(NBFC). The Company is primarily engaged in providing Business Loans, and is also engaged in Trading and Investment in Shares & Securities.

2. Basis of preparation of financial statements

a. Statement of Compliance

The Balance Sheet, the Statement of Profit & Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in the Division III Schedule III to the Companies Act, 2013 (the Act). The statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 'Statement of Cash Flows'. The Balance Sheet, Statement of Profit & Loss, Statement of Cash Flow and Statement of Changes in Equity are together referred as the Financial statement of the Company.

The standalone financial statements of the Company are prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of Act and relevant amendment rules issued thereafter ('Ind AS')

b. Functional and Presentation Currency

Amounts in the financial statements are presented in Indian Rupees. All amounts have been presented in hundreds of Indian Rupees, except share data and as otherwise stated.

c. Basis of Measurement

The financial statements have been prepared on historical cost basis except for certain financial instruments that are measured at fair values.

d. Use of Estimates and Judgement

The preparation of the financial statements in conformity with Indian Accounting Standards ('Ind AS') requires the management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Accounting estimates could change from period to period. Actual results could differ from those estimates. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Some of the areas involving significant estimation/judgement are determination of Expected Credit Loss, fair valuation of Investments, Income Taxes, share based payments and employee benefits.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

e. **Measurement of Fair Value**

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs).

3. **Material Accounting Policies**

a **Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

i) Interest

Interest income or expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of financial instrument to the gross carrying amount of the Financial Asset, or the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired) or to the amortised cost of the liability.

ii) Dividend Income

Dividend income is recognised in statement of profit & loss on the date on which the Company's right to receive payment is established.

b. **Property, Plant & Equipment ("PPE")**

PPE held for use are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant & equipment comprises purchase price, including import duties and non-refundable taxes on purchase (goods and service tax), after deducting trade

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

discounts and rebates and any directly attributable cost of bringing the item to its working condition for its intended use.

Any gain/loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

c. Depreciation and Ammortisation

Depreciation is recognised using straight line method so as to write off the cost of assets less their residual values over their estimated useful lives specified in Schedule II to the Act. depreciation for additions to/deductions from, owned assets is calculated pro rata to the period of use.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if necessary, for each reporting period.

d. Financial Assets

For the purpose of subsequent measurement, financial assets are classified and measured based on the entity's business model for managing financial asset and contractual cash flow characteristics of financial asset at:

- Those measured at Ammortised Cost
- Those measured at Fair Value through Other Comprehensive Income (FVTOCI)
- Those measured at Fair Value through Profit and Loss (FVTPL)

i) Financial Assets at Ammortised Cost

Includes assets that are held within a business model where objective is to hold financial assets to collect contractual cash flows and contractual terms gives rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

These assets are measured subsequently at ammortised cost using the effective interest method, Interest income, foreign exchange gains and losses, if any and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

ii) Financial Assets at Fair Value through Other Comprehensive Income

Includes assets that are held within a business model where objective is both collecting contractual cash flows and selling financial assets along with contractual terms giving rise

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding. The Company has made an irrevocable election to present in other comprehensive income changes in fair value of an investment in any equity instrument that is not held for trading. This selection is made on instrument-by-instrument basis.

Dividends are recognised as income in the statement of profit and loss unless it clearly represents a recovery of part of cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the statement of profit and loss

The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

iii) Financial Assets at Fair Value through Profit and Loss

Financial assets at FVTPL include financial assets that are designated at FVTPL upon initial recognition and financial assets that are not measured at amortised cost or FVTOCI. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply. Assets in this category are measured at fair value with gains or losses recognised in the statement of profit and loss.

The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists..

e. Financial Liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortised cost. The Company's financial liabilities include borrowings, trade and other payables and derivative financial instruments.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in the statement of profit and loss are included within finance costs or finance income.

f. Employee Benefit Expense

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

g. Income Taxes

Income tax expense comprises current and deferred taxes. Income tax expense is recognised in the statement of profit and loss except when they relate to items that are recognised outside statement of profit and loss (whether in other comprehensive income or directly in equity), in which case tax is also recognised outside statement of profit and loss.

Deferred tax assets and liabilities are recognised for the future tax consequences of temporary difference between the carrying values of assets and liabilities and their respective tax bases, and unutilised business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

The Corporation provides for current tax liabilities at the best estimate that is expected to be paid to the tax authorities where an outflow is probable.

h. Provisions, Contingent Liabilities, and Contingent Assets

i) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pretax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

ii) Contingent Liabilities

Whenever there is possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liability..

iii) Contingent Assets

The Company does not recognise contingent assets. These are assessed continually to ensure that the developments are appropriately disclosed in the standalone financial statements.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

I) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue, bonus elements in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

j) Impairment

Impaired loans and receivables are written off, against the related allowance for loan impairment on completion of the Group's internal processes and when the Group concludes that there is no longer any realistic prospect of recovery of part or all of the loan. For loans that are individually assessed for impairment, the timing of write off is determined on a case by case basis. A writeoff constitutes a de-recognition event. The Group has a right to apply enforcement activities to recover such written off financial assets. Subsequent recoveries of amounts previously written off are credited to the statement of profit and loss.

k) Cash and Cash Equivalent and Cash Flows Statement

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short term, highly liquid investments maturing within three months from the date of acquisition and which are readily convertible into cash and which are subject to only an insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is appropriately classified for the effects of transactions of non-cash nature and any deferrals or accruals of past or future receipts or payments. In cash flow statement, cash and cash equivalents include cash in hand, balances with banks in current accounts and other short-term highly liquid investments with original maturities of three months or less.

k) Segment Reporting

The Company's main business is providing finance by way of loans in India. All other activities of the Company revolve around the main business. This in the context of Ind AS 108 "Operating Segments" reporting is considered to constitute one reportable segment.

During the year, the Company has written off an amount of representing a claim against the bank arising from a fraudulent withdrawal of funds by an official of the bank in an earlier year. The matter has remained under litigation and consideration before the appropriate authorities for a long period of time. Considering the prolonged pendency of the matter and as a measure of prudent financial reporting, the Board of Directors has decided to write off the said claim and, accordingly, the amount has been recognised as an Exceptional Item in the Statement of Profit and Loss for the year. Any recovery, if realised in future, shall be recognised in the Statement of Profit and Loss in the period of receipt.

The Company's main business is providing finance by way of loans in India. All other activities of the Company revolve around the main business. As such, there are no separate reportable segments, as per the Indian Accounting Standard (Ind AS) 108 on "Segment Reporting".

36. Financial Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, the company has risk management policies as described below :-

i) Credit Risk

Credit risk is the risk of loss that may occur from the failure of any party to abide by the terms and conditions of any contract, principally the failure to make required payments of amounts due to the Company. In its lending operations, the Company is principally exposed to credit risk.

The Board of Directors periodically review its Credit Risks and oversee the Loan Sanction Process to eliminate the risk of loss due to Credit Risk

ii) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

Maturity Profile of Financial Liabilities is as follows:**As at 31st March 2026**

iii) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that effect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings. The Group is exposed to market risk through its use of financial instruments and specifically to interest rate risk and certain other price risks, which result from both its operating and investing activities.

- Interest rate risk: Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to Long Term Borrowings, so the Company does not have a significant cash flow interest rate risk.

Foreign Currency Risk: Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company does not face any Foreign Currency Risk.

- Equity Price Risk: The Company generally invests in listed and unlisted equity instruments. All investments in equity portfolio are reviewed and approved by the Board of Directors. As at the reporting date, the exposure to listed equity securities at fair value was Rs.1,41,840.00 (March 31, 2025: Rs. 2,35,812.50) (Rs.in '00)

STEP TWO CORPORATION LIMITED

(CIN: L65991WB1994PLC066080)

- **Other Price Risk** : The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market. All exposures in derivative portfolio are reviewed and approved by the board of directors. As at the reporting date, the exposure in derivative instruments at fair value was Rs 0 (March 31, 2025: Rs 0)
